

THE SEMI-WEEKLY NEWS

The Great Country Paper of the West.

Issued Mondays and Thursdays and Contains All the Cream of the Daily and Saturday News.

LOCAL BRIEFS.

Grade Is Finished.—Judge Le Grand Young's Emigration canyon has all been graded, but track laying can hardly begin under 30 days.

Jew In Literature.—Rabbi Freund will speak this evening in the Jewish temple on "The Jew In Literature."

Jensen Abroad Again.—Parley P. Jensen is able to roam abroad once more, having mastered an attack of tonsillitis.

Institute In Emery.—Prof. Levi E. Young of the state university will conduct a teachers' institute in Emery county during the Thanksgiving vacation.

To Prosecute "Dead Beats."—The Utah Association of Credit Men has voted \$1,000 with which to prosecute fraudulent debtors. No money will be shown them.

Burned by Slag.—Riley Taylor, a young Garfield county employee, was badly burned yesterday afternoon, while handling a pot of red slag. He was brought in to St. Mark's hospital for treatment.

Annual Dances.—The Woodline circle, No. 41, Woodmont, will give a dance this evening, in the Market street hall. One of the features is to be a fancy costume dance.

Protest Against Paying.—Citizens of a street, represented by A. B. Irvine, appeared before the city council committee on streets, to protest against paying the street from First to Fourth avenues.

Basement Completed.—The basement of the Catholic cathedral has been completed, and the ceilings of the great auditorium above are being finished. The church people will be able to hold their Christmas holiday bazaar in the basement.

H. Westman Buried.—Harry Westman, aged 26, who was fatally injured Monday last by the breaking down of an engine at West Mountain, was buried yesterday afternoon at St. Mark's hospital.

Authority on Cost.—Dr. George Thomas, professor of economics at the Agricultural college, will speak on "The Causes of Fluctuation of Prices of Living," on the 25th inst. at the morning session of the city cemetery.

Circle in French.—At yesterday afternoon's meeting of the language circle of the state university, the proceedings were conducted in French, with readings and selections from Prof. and Mrs. J. D. Evans' chapel, with intermission at the city cemetery.

Forty-Two Coyotes Less.—S. Wells of this city brought in from Garfield yesterday afternoon 42 coyote skins, which brought from the county clerk a warrant for \$600 bounty money. The sum covered only 24 skins, as the rest had been removed from the other skins.

Job on Canal.—There will be a civil service examination Dec. 11, for a mechanical draftsman in the Panama canal service, at 1235 Pennsylvania. Occasional appointments of persons with special qualifications are made at \$150 and \$175 a month. It is probable that about 15 appointments will be made, this estimate being based upon the number of appointments made during the past year.

Two Sweeping Machines.—The street railway management has a street sweeper out early these mornings doing good work. The machine is the old one rebuilt, and sweeping machine has been received from eastern manufacturers, the two being numbered .090 and .091. With two machines at hand, the management feel sure of being able to keep the tracks clear this winter.

Utah Lake High.—Utah lake is 7 to 10 feet above compromise point, with no prospect of the level falling any lower; as with over 500 second feet running out every day, about twice that amount is flowing into the lake, largely through subterranean springs. With anything like a wet season, Utah lake is likely to rise before next irrigating season four or five feet above compromise point.

May Form Company.—Hiram E. Booth, patentee of a telephone attachment calculated to do away with all noise and possibility of shock and an attachment which is clear and sound as to render a voice more easily understood, is in doubt at this time whether to place his invention with one of the telephone companies or to organize a company for the manufacture of the device. The cost of manufacture will be exceedingly small, says Mr. Booth, while the utility of the attachment is admitted to rank high.

ZION'S SAVINGS BANK AND TRUST COMPANY. Pays 4 per cent on deposits. Safety deposit boxes for rent. JOSEPH J. SMITH, President. ANTHONY H. LUND, Vice-President. O. C. BEEBE, Cashier.

COAL COAL COAL. Martin Coal company Castle Gate. Clear Creek, lump and nut specially adapted for heating purposes \$6.00 per ton.

The Flower Shop. Under National Bank of Republic, both phones.

GUIDE FOR BOOKBUYERS. There is a constant demand for safe guidance in choosing books, especially for children.

To meet this demand we have called to our assistance Prof. Howard B. Driggs of the state university, whose specialty for years has been literature for young people.

Book buyers who want help in selecting Christmas books, parents who are buying home libraries, merchants who would like to place an order for Christmas sales, and others will be glad to communicate with Mr. Driggs. Address 29 South Twelfth East; or during the evening hours call on independent phone No. 1401, or after Dec. 30, at the Deseret News book store and let him show you some wholesome and attractive books.

A corps of clerks will also be in attendance at the book store to show book buyers the latest and best selected line of books in the state.

CORPORATION IS PLAN CONTEST

Declare License Tax Law Powerless and Intend to Fight it.

THE IMPROVEMENTS ARE OFF.

If Concerns are Victorious Next Legislature May Pass Stronger And Better Rules.

Because the corporations of this state will not pay the license tax imposed upon them by the last legislature the governor has been forced to hold up the following appropriations to the various state institutions:

Main building, state fair, \$10,000
Building for females, industrial school, \$20,000
Bath building, mental hospital, \$1,000
Pipe line extension, state prison, \$5,000
Building and cells, prison, \$6,000
Manual training shop, branch normal, \$10,000
Minor improvements at institutions, \$10,000
TOTAL, \$135,000

CORPORATIONS PLAN SUIT.

George N. Lawrence of Lawrence & Robertson, lawyers, gives it out that the corporations are going to attack the law. A suit has been started, he says, and is being subscribed to by various concerns. A suit is to be filed in the Third district court to test the constitutionality of the license law. Gov. J. C. Cutler says he will work for the passage of an annual financial statement law if the corporations win over the state.

OBJECTIONABLE FEATURES.

The objectionable features of the law are contained in the following paragraphs:

"Section 1. All corporations organized under and by virtue of the laws of this state or under the laws of the territory of Utah, and all foreign corporations doing business in this state, except as hereinafter provided, are hereby required to pay an annual state license as follows: All corporations with an authorized capital stock of \$10,000, or less, \$5; with an authorized capital of more than \$10,000 and not to exceed \$25,000, \$10; with an authorized capital of more than \$25,000 and not to exceed \$50,000, \$20; with an authorized capital of more than \$50,000 and not to exceed \$100,000, \$35; and with an authorized capital of more than \$100,000 and not to exceed \$200,000, \$50; with an authorized capital of over \$200,000, \$75."

"Provided, That all corporations of religious or charitable societies, and corporations organized for pecuniary profit, and canal and irrigation companies organized for the express purpose of providing water for lands owned solely by the corporations, and all insurance companies, shall be exempt from said license."

"Sec. 4. Any corporation failing or refusing to pay said annual license, as and at the time specified herein, and which willfully or negligently fails to pay the said license within a period of 60 days thereafter, shall be subject to a fine of \$100, and such fine and license shall become a lien upon any property, real or personal, owned by said corporation, and the license and penalties provided for in this act shall be recovered by actions at law, instituted in the name of the state by the attorney-general or by the county attorney in which the principal office of the corporation is located."

LECTURE ON SOUTH AFRICA.

George A. Kilby, commissioner of western territory of the Salvation Army, will deliver an illustrated lecture on South Africa at the Salt Lake theater, Saturday evening, Nov. 23, at 8 p. m. Commissioner Kilby spent considerable time in South Africa and is well acquainted with conditions obtaining there.

WORKED NEW GAME.

Rented Pianos, Mortgaged Them and Then Sold Them.

Two clever crooks, known here as Worthington and Wilson, have been operating in Salt Lake for several days. Their method of working was to rent pianos, mortgage them and then sell them. The crooks managed to make a haul of about \$300. They also made their escape, although the police succeeded in locating two pianos.

The fellows went to the Beasley Music company's store and rented a piano belonging to Mrs. Nellie Child. The instrument was ordered sent to 125 East Sixth South street. Worthington rented the piano and then mortgaged it for \$70. He then sold it for \$70 to A. Heymanson.

A. Heymanson, of Washington, going by the name of Wilson, rented a piano, mortgaged it for \$145 and then sold it to the Western Furniture company for \$49.

A Reliable Remedy for Croup.

With the dry, cold weather of the early winter months, parents of croupy children should be on the alert for ominous symptoms. There is no cause for anxiety, however, when Chamberlain's Cough Remedy is kept in the home. If this medicine is given as soon as the child becomes hoarse or even after the croupy cough has appeared, the attack may be ward off. Mrs. S. R. Hoskins of Turner, Michigan, says: "We have used Chamberlain's Cough Remedy for ourselves and children for several years and like it very much. I think it is the only remedy for croup and can highly recommend it." For sale by all druggists.

The entertainment is for the benefit of the ward and the proceeds will be used for furnishing seats for the meetinghouse and for beautifying the surroundings of the chapel. The fair will be in charge during the evening and matinee sessions, concluding Saturday evening with a ball. Voting contests, raffles, and amusements generally, accompanying ward fairs will be in evidence, and a good time is assured all who attend.

A MAN'S ABILITY.

To tell a good house when he sees it is telling out of the ordinary. Most anybody can do that—it isn't like telling pure silk or real rubies, but it's a lot more vital to his existence, to those who occupy them, than the keys to the houses—the good houses—we have recently built on Ninth avenue, and after you inspect them and see how well built and modern they are, select the one you would like for a home of your own and then come in and let us explain to you how easy it is to possess this home.

These houses which face south, east and west are in a most desirable location, in every way calculated to insure health, comfort and convenience to those who occupy them, and the beauty of it is that you can get them on long time payments, because they are such splendid properties that we are willing to make long loans on them.
